Sorting and Downloading

- **Please Note:** Every search by street name will display all available intersections. These results are automatically sorted and displayed first by the Main Street, then by the Cross Street in alphabetical order, and finally with each Cross Street sorted by most recent Date first.
- **To Sort the Data:** Click the field name on top of each column (for ascending or descending order) or click the Sort the Data button, then choose the field order and sort direction.
- **To Download these Results:** First select the desired rows, then copy and paste into Excel.
- **To Download the Entire Database as an Excel Spreadsheet:** Click on this [link](#).
- **Terminology:** E/O - East of, W/O - West of, NB - Northbound, SB - Southbound, NBLT - Northbound left turn, SBRT - Southbound right turn.
